QR Code Link to This Post Hello

For those currently or formerly in Broadcasting or Video Production, I can transfer your Digital Betacam, Betacam SP or Betacam STD to DVD or AVI or other video file format. If you have any other broadcast formats, such as DVCPRO25, DVCPRO50, U Matic 3/4" or U Matic 3/4" SP, DVCAM or DV, I can transfer those as well. Each DVD will be transferred with black thermal print and in a slimline case.

Please contact me for prices
