QR Code Link to This Post I am offering training on any Microsoft Office products (also general computer usage training). These include (but are not limited to): Word, Excel, & PowerPoint. My training is tailored to your specific needs; whether that be a refresher course over the basics, or learning new functions for Excel (like pivot tables and VLOOKUP statements). I also assist / help on any projects that you would like to work on (for work, school, etc.).

Each session is 30 minutes and cost \$25. You may request a longer time frame (e.g., an hour for \$50, an hour and a half for \$75, etc.). I accept cash only.

If you are not satisfied there is a money back guarantee (minus a travel expense deduction of \$5-\$10 depending on distance).

Please feel free to call or text if you have any questions or would like to set up an appointment. Meetings are held at public venues (e.g., Starbucks, Library, etc.); no house calls.

My name is Alex and I look forward to hearing from you.

Thank.
