QR Code Link to This Post Those of you buying technology as a Christmas present make 100% sure the gift will not get exchanged if buying from OfficeMax

On the lower back of your receipt it clearly says they will give you a refund 14 days from date of purchase.

They mean what they say I found out.

Toll free number for them is 1-800-GO-DEPOT

All 6 options in that phone tree will connect you with someone from the Phillipines nobody from the United States.

I lost my receipt for a All in One a few months back bought with a Visa card local manager told me to call this number they could email a copy of my receipt .Called 3 different times all 3 times given a reference number for the call all 3 time was told will email receipt within 48 hours.

Guess What???They lied!!All 3 times,so I gave up!!

So keep your receipt but if you buy technology as a gift keep in mind of the return.
