QR Code Link to This Post Currently seeking females for a photo session. I work with a variety of styles in my production work. I'm open to discovering new talent as well as working with experience. I like to start out with the basics and move on to more in depth and advanced photo composition. My projects are supposed to be fun and I'm easy to work with. No experience necessary. Will provide transportation. Hopefully we can connect and schedule something. Feel free to leave a description of yourself and contact # info. Hope to see you soon and discover something new.
