Looking to play in either a modern country band or a top 40 party variety band, have done both in the past. Seeking to join an act that knows how to put on an entertaining show. Have over 15 years experience playing shows around the Chicago area, and have performed with cover bands handled by professional management/booking agencies. Already play part-time in a band and just looking to upgrade from that, so not interested in something that only plays out a couple times a month. Seeking a band that is playing a consistent minimum of 5-6 times a month, but would prefer more. Have reliable transportation, can learn songs/playlist quickly (already have a pretty vast working knowledge of the popular cover stuff in the rock, pop and country genres), reliable equipment, easy-going with no ego, and have experience playing to click tracks if you do that sort of thing. Please include a band link in your.
