Gorgeous home. One of my favorite layouts seen in any home in this price range. Bright, light, great floorpan flow and very spacious. Move in ready and a must see; even if 'just looking'. This is an amazing example of a great home under \$300K and over 2500 sq ft. 4 bedrooms, 3 bathrooms 3 car garage and two large living areas one with gas fireplace. It is a beauty.

Great 4 bed/3 bath home beautifully situated amongst mature trees in desirable W/Boise! Spacious plan features 2 living areas & is accentuated in the living room by a lofty vaulted ceiling with plentiful light. Kitchen flows to eating area and inviting family room w/gas fireplace. The Master features a treehouse view & its bath boasts updated flooring, also has jetted tub, and dual vanities. Fresh exterior paint, most interior paint is new as well. Upstairs find a cozy nook, perfect for reading.
