QR Code Link to This Post I am moving out of state and I don't want to put the stress on this wonderful kitty.

His name is mike and he is 10 years old. He enjoys cuddling up on the couch with you while you watch TV, wonderful study buddy and loves belly rubs. I often think his inner animal is a dog.

No fees for adoption as long as he is going to a caring and loving home that I am sad I can not provide for.
