Having previously worked on wall street, I also tutor finance and actuarial science as well -- including Excel!

## Credentials:

I have a Yale PhD in biostatistics, a masters in statistics from Columbia and a triple major in math, comp sci and finance in college. Typically, I prefer more advanced students as the material is more interesting but motivated high school students are welcome.

## Guarantee:

If after the first 30 minutes you feel I haven't helped, you don't need to pay:-).
