QR Code Link to This Post Male neutered pitbull. Short stubby legs that are bow legged. Tail looks like he chewed on it, also has tattoo from getting neutered. Very sweet and lovely dog. We just got him and miss him so much and would like to have him home, If you have seen or have him please contact me.

We have reason to believe he has been stolen or found and they won't give him back. Please if you have seen him contact me! Someone called and said she knows who has him but won't give me any info on where to find.
