QR Code Link to This Post I am pregnant with my first baby...(it's a girl), I'm due early March, and would LOVE any gently used baby items (toys, girl clothes, accessories, supplies, etc.) If you have any baby items your child has outgrown and no longer needs, and if you are interested in getting rid of them, I would love to come pick them up!! I only have a few basic baby things so far, because I'm going through a financial crisis and government assistance unfortunately does not help with most of the baby items I need. Please let me know if you can help!! Thanks so!!!!! :-)
