'Alt is an internet based job and we are searching for a few more 'secret' 'shoppers' in this city!

Skills needed for this job include: access to a desktop, laptop computer or mobile device and an internet connection. This part/time Position offers the opportunity for each employee to set his/her own hours and work with a small time constriction. We encourage every one of our employees to visually inspect various online site product trials, and products and services at no charge to them. Because of the way its done, the bulk of our analysts work part/time and are have the ability to make an additional source of money without spending all day stuck in front of their PC's.
