QR Code Link to This Post Welcome to 4 Ever Family Photography! I will help you save your most cherished moments in photos while saving you money at the same time. CHRISTMAS SPECIAL!! Now booking sessions through the second week in December. It's time to do your Christmas portraits, and I've come up with a new idea for this season: After you set up your Christmas decorations and tree, I will bring my studio lights and use YOUR unique Christmas decorations as the background and take your photos at your home! No two backgrounds will be alike because they are your own unique decoration designs! Kids will be easier to shoot since they will be in a comfortable setting that they are used to, and you don't have to leave home! We will do a 20 portrait session, and I will edit your photos and get them back to you on a photo CD. Walmart has the high tech equipment to do your prints, Christmas cards, collages, canvases or whatever else you need at a very reasonable cost, and you can get exactly what you want! All it will cost you is a \$60.00 session fee and you will have high resolution studio photos without having to go to a studio! Text me at to set up your Christmas session! I'm not always available to take calls, so please text your name and number and I will call you as soon as possible. Thank you for already texting me and booking your sessions in advance! Most people put up their Christmas decorations around Thanksgiving. Book your session soon to make sure you have time to get your Christmas cards and prints done. And as always, a big THANK YOU to all of my existing customers. I hope you all have a safe and wonderful holiday season!
