QR Code Link to This Post I am trying to find the Danforth family from Southern Maine I believe. My Mother was very good friends with an Elsie Danforth who is in most of the pictures. There are others of Jim, Anne and Caroline and some others. I would like to get these photos back to the family. There are some great old ones that I am sure the family would live to have. Please get back to me and I will get them to someone in the family. My name is Matt Hussey and my Mother was Muriel
