I am a saved, born again, Spirit-filled Christian who is seeking a long-term NJ position with a church as an experienced, seasoned weekly church musician (piano keyboard/ organ/ piano). I am dependable, faithful, punctual, reliable, and anointed by God. Although I am young, I have been playing for years (from a very young age) and have been playing for churches steadily since my very early teen years. If you could use my services and already have another musician, I also have no problem following the head musician if the situation calls for it (I do not necessarily have to be the lead, but I want to help enhance your services).

It would be my pleasure to audition for you/ interview with you; please do not hesitate to contact.
