QR Code Link to This Post Sweet Tota is a beautiful 10-month old Shepherd mix puppy who arrives from Cairo, Egypt on Monday, December 11th ready for her very own loving Furrever Family. Our Cairo rescue partners tell us that Tota was found on the mean streets of Cairo where strays are treated as vermin and regularly tortured by locals and poisoned by the government. Tota's back leg was chopped, on purpose, and this poor baby girl was left on the streets to bleed to death. Her leg had to be amputated but that doesn't stop this playful and active puppy one single bit!

Tota holds no grudges and is such a sweet and forgiving girl. Apply now for beautiful Tota and give her the opportunity to thrive and blossom! Adoption application, contract and fee to adopt.

Tota is available for adoption through In Our Hands Rescue. If you're interested in adopting, the first thing you should do is fill out an adoption application at [www.inourhandsrescue.com](http://www.inourhandsrescue.com).
