QR Code Link to This Post Hello! We have had some rough times this year with several hospitalizations in our family. I still want Christmas to be Christmas and normal for my family. Not only do I want to work, I need to work. There are many things I can do. I am a married mother of two. I have excellent administrative skills, very computer literate. I have previous experience as a nanny and caregiver. I am willing to run errands, do Christmas shopping, wrap presents, pick up kids, organize events, help with scheduling, meal prep. I can do a good job in just about everything. I am a very honest person, no record of any kind, non-smoker, non-drug user and I have never smoked. I am very clean cut and display a huge amount of character and integrity. My job is to get your job done without you having to worry about getting it done. Please let me know if you can use me for anything at anytime. Thank you so much. I will easily pass a background check. Any replies asking for pictures or intimate questions will not be responded too. Thanks.
