QR Code Link to This Post I'm moving into my new apartment on the 13th, and need a place to stay until then. So just four days (today Saturday the 9th until Wednesday 13th). It's not a full week but I'm willing to pay \$80 for this half a week stay. I'd prefer to have a room and bed with a female room mate. But since its such a short stay, I wouldn't mind sleeping in the living room on a couch. I also don't mind having a male roommate. So long as it's understood that I will NOT do anything sexual for a place to stay. I will only pay my rent.

I'm safe, sane clean and respectful. If you have space to rent and want to make a quick 80 bucks for just 4 days please get back to me and let me know whether or not you have a room and bed or just a couch and what area you're.
