QR Code Link to This Post Leather heated seats, 3rd row, custom exhaust wheels and tires, sunroof. This thing is loaded. Had 245k miles but just came out of the shop where the brakes were done. Runs great and is a blast to drive with tons of power from the v8 motor. Trade for a ninja, Harley, sled, ATV, dirtbike, splitter, dunno truck. If it's fun or makes money, I'm interested.
