This is NOT the Beat-Used-Abused-Unwanted-Improperly Cared For-Fell Off The Back Of A Truck crap that the local music stores are selling!

It was purchased new and looks like it.

I am the original and only owner.

In 2001 I purchased this new cabinet while I lived in NY from the manager, Monty, at Music Land in Lindenhurst, NY.

That makes the cabinet wood 15+ years old.

Aged wood ALWAYS sounds better than new.

I has never been played-out in my a/c climate controlled studio. Book moved to London in 200

The grill is PERFECT, no snags or tears or frayed strands

The Tolex o has an almost unnoticeable very small scrape along the top front edge about 3/8" long.

That's it.

It was used in place for my use only or to play through amps that completed my repair or restoration.

That's it!
