QR Code Link to This Post Hello Ladies, thanks for clicking! Looking for a fast, fun & free way to either start or expand your portfolio? Here it is! I own a business selling among other items: Outerwear, sportswear, dresses, jeans & lingerie. I'm looking for several models to pose in some of the outfits I sell while I take your picture.

Most shoots take about 4-5 hours, with you doing 3 or 4 outfits. You're always welcome to bring 1 or 2 of your own outfits to shoot in if you like. The outdoor shoots can be done anywhere from NYC to The Jersey Shore to Philly, depending on your location & other factors. The indoor shoots are done in either of several hotels I use in the Central NJ area. You'll be responsible for your own hair, makeup, nails etc & in most cases shoes.

Shortly after the shoot, you'll receive a digital copy of your work. As you can see, I shoot almost year round, so you'll be able to amass a lot of pictures in a few little time. All shoots are TFCD & you also get to keep any swimwear, dancer outfits or lingerie you model.

If you choose to reply, please ad some basic info in your e-mail.... Height, location & your sizes. Tops, jeans, dresses, shoes, as well as 1 or 2 pictures. Selfies are okay. If this ad is still up, then I'm still looking for models. Hope to hear from you & work with you soon!

UPDATE: For some reason, whenever I reply to your initial e-mail, I get a message back, saying that my e-mail was undeliverable. This has happened several times already with different people. Please include either your phone number or an e-mail address, so I can contact you directly. Thank.
