QR Code Link to This Post Let me help you get your cat adopted/re-homed ASAP!

I'm a cat-to-new home ADOPTION SPECIALIST / MATCH-MAKER , of sorts!

Can also re-home cats with behavioral problems.

I have years of experience and references doing in-home cat boarding and re-homing.

I find and screen all potential adopters (check social media, google, run a criminal background check), and present their information to you. YOU get to make the final decision on what home the cat goes to.

Let me call up dozens of no-kill shelters , make paper and internet ads and/or foster your cat at my place until it gets adopted.

Can also re-home cats that have behavioral problems (litterbox issues, aggression, extreme shyness / feral, etc) to farms or suburban or country homes or businesses in the tri-state area where they can become mousers, barn cats or yard cats.

\$350 per cat for standard re-home or re-homing to a farm

\$500+ (depending on age of the cat) to foster/keep the cat at my place until it gets adopted

*Fees Include Car Transportation to and from your place to my place or the adopter's home, regardless of distance.
