Have private rooms and cats can also roam common areas in 850 sq. ft 3 bedroom apartment in Kensington, Brooklyn. Can pick up/drop off your cat in my car.

I am an alumni of NYU and FIT, and do this in addition to freelance writing and odd jobs. I telecommute from home mostly, so have plenty of time to devote to the cats. I have years of experience doing cat boarding and I have also always owned cats as cherished pets since I was a kid.

I charge \$350 to re-home a cat if they are kept at your place til' they are re-homed/don't need to be fostered/boarded. I also specialize in re-homing cats with behavioral problems (aggression, marking/litter box issues, extreme shyness/feral) to farms /country houses in the tri-state to become barn cats or indoor/ outdoor yard cats (for that service I charge \$350 per cat).
