

Fence Contractor, Privacy and Chain Link Fences (Oklahoma City and surrounding towns)

Location **Oklahoma**
<https://www.genclassifieds.com/x-772609-z>

QR Code Link to This Post My dad and I build both privacy and chain link fences. Call or text for a free estimate. The prices below are of the most popular fences we build. There are several size and style options to choose from. These prices are a general rule. For very small jobs and jobs with large amounts of brush and overgrowth I will charge more. For large jobs I can offer a discount below these prices.

I'm always happy to answer your questions. Ryan

4' Black chain link is \$13.50 per foot
 5' Black chain link is \$14.50 per foot

These prices include 2 3/8" posts and 1 5/8" top rail. This is the same fence we'd build for a school yard. It is a little sturdier than most chain link fences and looks a little nicer in my opinion. Call me for prices on other heights and for galvanized chain link.

6' Privacy fence with wood posts and whitewood pickets is \$16.95 per foot
 6' Privacy fence with steel posts and cedar pickets is \$18.95 per foot

With privacy fence there are several species of picket to choose from. Cedar pickets have a longer lifespan than the other species as a general rule. Cedar is naturally resistant to insect damage. Whitewood is a light somewhat vanilla like color. Cedar comes in a range of colors. We build fences from Guthrie to Norman and from El Reno to Choctaw. Call or text with your questions. Thank you, Ryan
