Designed especially for the soloist, the Besson BE2051 Prestige Professional Euphonium was carefully developed in conjunction with Steven Mead. This series features similar sounds as those associated with the 900 series but is in touch with the needs of today' musicians. It features a main tuning slide trigger and bottom sprung stainless steel valves. With a .590 bore and and an 11-1/4 upright yellow brass bell, this euphonium has a rich, enviable sound. Play an instrument from the Prestige Series and play what is sure to become a modern leader in euphonium design.
