QR Code Link to This Post We just finished up a near total remodel of this spacious garden level 3BR/ 2BA apartment, plenty of room, with a very well designed floor plan. New custom built dining bar, the kitchen and both bathrooms just remodeled/updated, new paint, tons of storage added. It is so well insulated that even on the hottest days this summer, the apartment stayed cool enough that we were super comfortable without A/C, and warm in winter. Master BR has en-suite bath, all bedrooms have wood floors. There is a washer and dryer in the unit as well as a laundry room on the premises.

You are close to so many great things here. So many eateries, coffee hangouts, pubs within walking distance, and nearby to Whole Foods, New Seasons. We are in the Overlook area so Alberta Arts, Mississippi, and Killingsworth districts are moments away for additional entertainment. Patton park, with the old Firehouse theater is at the end of the block, and commuting to anywhere is the easiest with either MAX or Trimet two blocks away and only four blocks to I-5.
