QR Code Link to This Post I have a 3 month old Siberian Husky male puppy. This little guy is absolutely adorable. We just purchased him from hoobly a couple of weeks ago (buyers beware of ppl saying they are breeders on hoobly) and sadly we believe he was mistreated. His fur was matted and he is scared of a lot of things. In the two weeks we have had him he has came a long way but we just do not have the time he needs. We were told he was puppy pad trained but he is not. We have been working with him and he is doing better. We are not breeders and hope he will go to a family who can give him lots of love. He will be sold as pet only (reason pet only is because when we paid for the pup with papers they are now wanting to keep the papers so he is pet only) and he is up to date on all shots....Again make sure you check ppl out on here before buying a pet.
