QR Code Link to This Post Meet these adorable brother kittens. They are super friendly and lovable and enjoy playing very nicely. One is a bit shy than his brother, and both are very docile kittens. Born on Sept. 11, 2017, and have been dewormed and deflead. Have had baths as well. They like to go outside on to the porch and in our safe fenced area and stays close to the door but are inside house kittens. They are a bit bonded and it would be awesome if someone can take them both, but I understand if you only are interested in one. They have been around other cats/kittens, dogs both large and small, and chickens as well as people of all ages. They have mouser instincts but are kept indoors.

We are asking a \$40 rehoming fee each as-is, or \$75 each for them to be fixed, shots, dewormed and deflead, (you can bring him back here the night before/drop him off with us, and we will take him in - then pick him up - and meet you again probably that night or the next day to return him with instructions and paperwork for this procedure.) which is pending at this time waiting for the vet to call when there is room for several at once to be done. *Update: we received a message from them and they should be getting back to us soon with an appointment!*

Emails only. Please be serious when inquiring and put "Black & White Kitten Brothers" in the subject line of the email or it may go to spam. I am located out in Hockinson, but might be able to meet up in Brush Prairie, Battle Ground and possibly some of Orchards and will only meet in public.
