QR Code Link to This Post I need to find a new home for my cats. They're brother and sister both a little over 3 years old and in good health. They're spayed/neutered and up to date on shots. They've been indoor cats up til now with only the occasional venture onto the back patio. Both are very interested in spending more time outside so I would like to find them a new home with a safe outdoor area to play in. They're both social cats and come to the door when someone arrives, usually seeking to be pet. The boy is the more affectionate jumping on laps and looking for petting. The girl likes to be pet too but on her terms ;) They play well together and sleep by each other often. They deserve a good home with people that will give them attention and treat them well. I don't have other pets so am not sure how well they would deal with that.

They will come with everything: litter-box, scooper, litter, food, brush, nail clippers, toys, carrier, food/water dish, bed, scratching post and initial adoption info. If you are interested, or have any questions, please email me.

Because there are cruel people in the world, I would require that you send periodic updates on the cats the first couple months.
