QR Code Link to This Post I'm looking for someone to take over my lease from Jan - July, with the option to renew for the following year as well.

The room:

- Fully furnished - double bed, desk, chair, end table, dresser, wall mirror, wall-length double-door closet
- Spacious - I was able to fit a bookshelf and two other end tables in the room and still have enough floor space for yoga
- Mini-fridge - mine, but I would be willing to sell it

The apartment:

- Fully furnished living room and kitchen
- Two refrigerators
- Two and a half bathrooms: recently renovated
- Washer/Dryer in basement
- Driveway and Street Parking available

The roommates:

3 female Temple University students or recent graduates: they're hardly home and very quiet, so you have lots of privacy.

Location:

- 2-minute walk to Temple University
- 2-minute walk to Broad street Line

-The 23 bus stops right outside the building (Center City and Chestnut Hill)

-Minute walk to Fresh Green Market, etc.

The landlord is very responsive and reports that he is the usual guy in the street who deal with tenants' rights that only the LEAs and the local S appraiser can handle. He is a graduate and intelligent!

Guests are fine. Drinking is fine. Smoking is fine - as long as you do it outside or out your window!
