Since the hail storm a few months back, I have had dozens of calls from homeowners and businesses who have asked me to come out and inspect their roof for hail damage. I will come out and inspect your roof, and if there is noticeable hail damage, I will take photos and mark the damaged areas with chalk, and provide you with a free estimate for replacement cost. You can then report this to your insurance company. The highest influx of calls, and where we noticed that most hail damage has been in Chesterfield, VA specifically The Highlands area.

Call now and schedule your free roof estimate. You can reach me directly at . Sam Ballard.
