QR Code Link to This Post I purchased this chair about 10 years ago. It is one of my favorite possessions, but I find that I have no room for it anymore. If you know anything about Ekornes, you know that these chairs retail for anywhere between \$1000-\$2500 depending on the model. Even older Ekornes chairs hold their value as collectibles (do a google search and you'll see what I mean). This model of chair is no longer made, and it is hard to find comparable chairs. If you are local, you are more than welcome to come look and sit in the chair. If you aren't local, I'm happy to send more pictures. It is truly one of the most comfortable chairs you will ever sit in. There are no rips, tears, significant wear marks. Overall, it is in VERY good shape.

The price is firm at \$650, so please don't contact me to haggle. I don't NEED to sell, but if I can get what is a very reasonable price for the chair, I would be happy to part with it. I am happy to arrange to deliver for free within 50 miles of Sheridan, or for an extra \$50 for anyone further than 50 miles, but less than 100 miles (That would include Billings, Gillette, etc.). If you are any further than this, it would be local pick up only. I will not be shipping the chair as this is very expensive and entails disassembling the chair part way, which is hard on the chair itself.

including a link below for dimensions. If you have any questions, please contact me by email and ask questions.
