With its natural semi-rural setting, it lets you unwind in a comfortable, gated community. But don't worry -- you're still close to all the necessities and conveniences. Shopping is nearby, as is freeway access for quick travel to Tacoma, Southern King County and Pierce County military bases. The apartments themselves feature contemporary color schemes and amenities like walk-in closets, full sized washers and dryers and gas fireplaces. A variety of floor plans are available, from a one-bedroom, one-bath to a three bedroom, two-bath choice. If you enjoy an active lifestyle, you'll appreciate the extra's that this gated community has to offer from a year-round spa and seasonal pool, indoor basketball and racquetball courts, to a fully-equipped exercise room and tanning salon. No matter where you look in Pierce County, you'll have a hard time finding another apartment community with as much to offer as One Canyon Place. Now isn't this the place you'd like to call home?
