QR Code Link to This Post Good afternoon, I have a buddy that's a licensed contractor but we need a plumbing permit pulled for a residential rehab job that's plumbing has already been done but we were unaware that the plumber who did the work was not licensed! Only drain pipe to the kitchen and 1 bath was replaced and now we're getting slack from the city, willing to pay for your time to inspect the completed job as well as your time pulling the permit and the fees. Need it done first thing Monday, please email me your rate and a contact number,
