I am a professional, kind, caring, respectful, educated and talented person in massage therapy. Helping others is one of my most greatest qualities.

I offer basic massage therapy, which is Swedish massage. Great in all pressure types whether it's light, medium or deep tissue, sports massage, trigger point, stretching, Japanese techniques are used for deep tissue. If you're having pain issues, stress related or need to relax, then I can help.

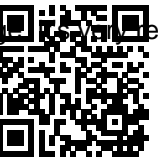

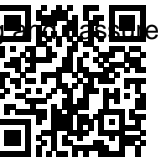

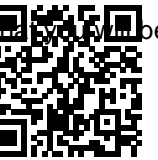

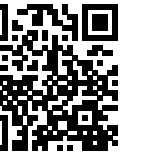

I travel to you. Which means, you never have to drive to and from a massage place. Leave the driving to me! A massage is all about relaxing anyways. I bring my luxury and very comfortable portable massage table, organic coconut oil, music, along with fresh and clean linens.

The massage table definitely travels with me to EVERY appointment! All clients must use it. If you have a table of your own and prefer to use yours, then that's fine... but regardless a table will be used.

The picture provided is a real picture of me. I am not fake or a liar.

I understand many of you have had trouble with other therapists on this website not using their real picture. When they show up, it's not the person in the picture. This is very wrong and I would never do this.

I do allow verification of who I am through Facebook only.
Do not ask me to send you pictures.
