QR Code Link to This Post New original trio seeks a good vocalist/ possible rythm guitarist to round out the lineup. We're seeking someone with range, raspy clean to growl, melody, and presence. Think Ozzy, Corey Glover, Mike Patton, Mike Scheidt, Thomas Jager, Maynard James Keenan. You don't have to be a professional, just willing to work, be functionally sober, and be cooperative. We have a collaborative approach to our writing and are not trying to sound like anyone else. We are not a cover band. Some influences we draw from: Black Sabbath, Pink Floyd, Sam Black Church, Monolord, Neurosis, Sick Of It All, Melvins... to give an idea. We will provide practice recordings upon request.

We have proper gear, experience, and connections. Practice on Wednesday and some Mondays 7-10 pm. Not looking to get famous or pull extensive tours, just play for enjoyment and some decent gigs. We have a couple of beers and puff a little, but that's it... No Nazis or assshats needed, we're decent guys who don't have the patience for too much bullshit. Age not really important, but at least be able to buy beer for practice. If you have gear, all the better.
