QR Code Link to This Post Are you looking to jam with other fifty-somethings? Do you like "Classic Rock"....you know, the kind we listened to as kids because our parents brought us up right? Can you play enough to get into trouble? Well, me too!!

I'm in the Gilbert/B-L area. Would love to play music with others and not have to travel very far.

Guitar, vocals and keyboards here. Looking for guitar, bass and percussion...and just looking to have fun.

Let me hear from you and let's see where this.
