QR Code Link to This Post A good running lawnmower ready for duty. I got it in as a trade-in on another mower I sold from the small engine repair shop I run. It was cleaned up a bit, balanced/sharpened the 21 inch blade and changed the oil, cleaned out the carb and fuel tank. It runs great on one short pull and is a mulcher-no bag. Why spend \$150 for a new one??? This one will pay for itself in two cuttings! Bring me your non-runner and I'll work with you on price. Call Kevin at I'm in the Mansfield /S. Arlington area. .
