QR Code Link to This Post This 5 year old is a dream, she is 3/4 blue Valentine quarter horse and 1/4 Egyptian Arabian

Smart, biddable, gentle and fun

She is bred to a registered Perlino, you can feel the foal kicking now

My heart is honestly breaking with this ad, she is a lifetime best friend kind of horse.....

But I don't have time for her and can't see that I'll have more in the future.

Come meet her, she's the one, flashy movement, soft mouth, she's not ruined in anyway, take her any direction, she's smart and versatile

Been on trails and working the ranch, cattle and sheep, been around all animals, not spooky

Sound, current coggins, vaccines up to date, trimmed, ready to go

If you ever choose to sell her I will require an agreement stating you offer her to me first, I will buy her back for same price.

She's not tall and not stocky, 14.1 - 14.2 and athletic and sleek
