QR Code Link to This Post Selling our 2003 YUKON XL 4X4, We bought this Yukon to help a close friend who is in a financial crisis. Runs excellent! Exterior has touch up paint on the drivers mirror and some minor paint fading on top of the driver door, also, the leather is in excellent condition except for a small tear on the drivers seat (see picture). I just paid to have it detailed \$140 and put a new air filter in it also. Oil is still clean but getting close to 3,000 since last oil change. Tires have about 50% tread life left. A/C works wonderful. I gave my friend \$6,000 for the Yukon, I'd like to get \$6,000 for it but we're willing to take a loss for \$5,500 for a quick sell. Call/Text with questions. 435..four.six.seven..o43o. Thanks for looking!

P.S. This Yukon seats 9!!
