Dam has very sweet disposition and is great around children, cats and farm animals. She helps herd our cows and goats and is good around our chickens. She loves to go for walks, ride in the car, run along with the quads or anything else our family is doing.

Sire belongs to My father who is a professional trainer and dog handler. He is a once in a lifetime kind of dog, and is hands down the best dog my dad has ever worked with. He is IPO1 certified in Holland. He is a certified protection, tracking, and bomb detection K9. Not only is he extremely intelligent and has great drive but he is amazing around children, cats, horses, cows, and chickens. He has the best on off switch of any working dog my dad has ever worked with.

Puppies are very well socialized and spend time each day inside with small children, adults, have been around a cat and our other dog.

These puppies will be amazing dogs and we would like to find each one the perfect home for them!

Both parents are straight backed. Puppies will have first shots and worming meds and come with a little care package.

Contact for more information or to schedule a time to come meet the puppies and find your new best!
