QR Code Link to This Post I am in search of a German Shepherd. I have experience with the breed, and would love to have one as a service dog. I really don't care about if it is papperd. I just want a companion that I can have sent to get certified. I am willing to spend up to 600. Nothing more please. Like I said, I will be sending him/her to classes, so most of my money will go to that. He/she will have a loving home with a couple other dogs to play with. Lots of room to run, and a place in my heart. Thank!
