QR Code Link to This Post Nashville based country rock act: Full Moon Disciples, gearing up for regional live shows, targeting SEC market, new studio record, video shoot for first single with acclaimed and known director that will be placing and pitching to correct aggregators at Viacom, have management, Pro Cats here with strong musical and songwriting, seeks ultimate bassist ready to take this to national level. We are all seasoned pros and yet humble and down to earth team players seeking same. Please, no no hired guns or flakes. This is a Pro situation.

Format: original with some cover depending on venue/pay. Musical vibe: great energy, strong songs, could easily cross over on both country and rock formats. STRONG songwriting and melodies. non-cookie cutter, real deal timeless music. Vibe: country rock of: Black Crowes, Cadillac Three, Dierks, old Keith Urban, overall muscle shoals Sound. Meets: arena vibe 80's rock of: Tesla, Def Leppard.

Must be able to sing harmony backing vocals and bring it live as an entertainer! Tons of vocals in this act think: Eagles, old Journey, Rascal Flatts, big songs, big harmonies! Please be in shape, have cool personality and look, into bassists with killer grooves ala: Duff, Sixx, Tom Hamilton, Pro gear, ready to dive in head first and help catapult this band to next level. Please have YouTube and music studio samples.
