QR Code Link to This Post Hey, so here's the deal. In my opinion there are not enough women musicians out there and there should be. I want to form an all female punk band where we can all jam together and learn and yell and express ourselves in a 100% accepting environment. I play the guitar- I'm not that great at it but if I turn up the reverb it sounds alright. Even if you don't know how to play an instrument you can still join the band, my idea is just to get a group of women together and just figure it out as we go and have fun. I have an eclectic taste in music and pretty much like all genres, but the reason I'm drawn to punk is the freedom and self expression of it. Honestly I have no idea what I'm doing, but if you don't either and want to figure it out together let me know! All ages welcome. e-mail me if you have any questions or if your!!
