QR Code Link to This Post Meet Zoelar Bear"zoe" she is about 2 monthes old and adorable she gets along with cats and my other two dogs wonderfully and she really is a joy to have and has became a part of the family almost instantly. She needs her shots and lots of playtime and alot of attention. Would love to keep her but i cant as i live in a 1 bedroom and dont have alot of extra income right now for things she needs. I am asking a small rehoming fee. Text me if your interested. She really will make an amazing addition to your.
