I have 2 male Chihuahua puppies that are about 12 weeks old needing a furever home.
One is solid black and the other has brown on his face and paws. Don't won't to separate but will if need be.
They would make an awesome Christmas present for some little kids(or big kid). Got them from a neighbor who moved and they have the mom and dad of the puppies.
Not had shots yet and I haven't had them registered(if I do it the price will go up)
They are eating wet can food.
Very playful and lovable
