QR Code Link to This Post Boogie is a friendly male cat whose neutered and about 8 months old. He's very playful and sweet, and needs lots of playtime! He's very persistent trying to play with other cats, so he's probably best off in a one cat home unless its a kitten.

He is not micro-chipped. He's was taken to the vet in November and was given vaccinations, deworming, and Revolution (kills fleas, mites, and heart worms) and has a clean bill of health. He's been a neighborhood stray but I can't find anyone to claim him despite looking, listing him as found, etc. I finally took him in until he found a home in early November when it got too cold. I already have four cats, which is more than my lease allows, otherwise I'd keep him!

Free to a good home! Will take back no questions asked if it doesn't work out.

Prefer someone who is older and stable to take him. He needs to be kept inside, he got into lots of fights.
