QR Code Link to This Post Is your roof leaking, it might be and you don't even know it. I have 20yrs of experience and know what to look for. Let me save you thousands in repair or having to install a new roof.

It doesn't take but a pin hole to be a leak, and damage your plywood, rafters, insulation, sheetrock, flooring, etc. and not counting mold. I will come out and inspect your roof and see what if anything needs to be done.

Your chimney, pipe covers, shingles, popped nails, and many more things could be causing a leak and you might see it when it's too late, then roofing turns into interior work.

Let's stop the leaks and prevent new ones  
Price varies on height and pitch of roof  
looking forward to get that roof taken care of
