QR Code Link to This Post This weekly gig is ideal for a slender college female student or already employed female looking for some fun. A combination of qualities could make for an excellent weekly escape designed to bring out your exhibitionist and visually seductive sides. At the same time, a gregarious nature could also help with some role play using fantasy and reality. This gig will be orchestrated by a very handsome, creative gentleman although there will be no pictures or videos taken. Each encounter will be in private and usually last from one to two hours. A very keen, sincere appreciation of stockings (fetish would be great) will be greatly appreciated.

Please reply with a recent picture. This really is a wonderful opportunity for the right individual.

Thank you very.
