QR Code Link to This Post Experienced kick ass drummer and loudmouth vocalist with tons of original songs already written, a solid practice and recording space, tons of connections in the Denver scene (and across the country, too) seeking a catchy bassist and a lead guitarist with surf chops (maybe a rhythm guitarist) Our best friend slash old guitarist recently moved, so it's time to regroup and start all over again. We have a solid, shared, and serious vision: Loud & fast Hardcore Skate Punk roots with crunchy vintage Lo-Fi Garage Punk sounds and a heavy dose of Surf guitar to shake up the sleepy local punk rock scene and eventually tour. Sound good to you? Some major influences include RKL, Aggression, Ill Repute, (anything Nardcore) JFA, Agent Orange, D.I., Angry Samoans, The Dicks, The Dead Milkmen, HÅ¼sker DÅ¼, The Minutemen, The Frights, Tijuana Panthers, Carbonas, The Spits, King Khan & BBQ Show, Night Birds, The Gories, The Dirtbombs, The Ziggens, MC5, The Stooges, Death, The Sonics, Man Or Astro Man?, The Mermen, The Crimson Ghosts, The Mummies, and ANYTHING with Jay Reatard..... Oh yeah, and.
