QR Code Link to This Post I am looking for a male to rent a single room for \$400 a month(includes utilities, but not cable or internet). No kitchen and bathrooms are shared. Coin operated washer and dryer. No pets. I only rent by the month to month.I have had tenants who have stayed for years with no problems. The room is for only for one occupant. The other people living here are relaxed and low key. I'm not interested in renting to someone who has a lot of drama or trouble. If you're into drugs, partying or illegal activities and do not bother to call. If you're mellow, quiet and respectful, you'll probably enjoy living here. Room still available for rent phone .
